

## **Experienced Mechanic**

Mere Plantations are looking to recruit an experienced agricultural mechanic to support our team in Ghana, West Africa. This will be a varied role. You will be required to repair and maintain a wide variety of machinery and equipment used in the forestry/plantation business.

Applicants should have a broad range of experience working on various types of machinery and be capable of working on their own initiative, with an in-depth knowledge. You will be required to carry out maintenance and repairs on site.

The work will be varied and interesting for the right candidate and will also include training and overseeing.

### **Job description**

- Repairs and maintenance of various machines and vehicles.
- Preventative maintenance.
- Diagnosing and fault finding, from minor issues to full engine rebuilds.
- Commissioning of machinery/ vehicles.

### **Job Type**

Initial 6month probationary period with potential leading to a permanent position, by agreement, thereafter.

This role would suit:

- Mechanic/Agricultural field mechanic.
- Someone experienced in planning, overseeing, whilst still happy to operate hands on.
- Someone who is happy to travel and work in a hot climate and challenging conditions.

### **Qualifications and requirements**

- Fully apprenticed mechanics/fitters only
- NVQ Level 3, or equivalent apprenticeship, a minimum
- HNC/HND, not essential, but would be an advantage
- Full UK Driver's License

### **Rates of Pay and Benefits**

- Good financial package
- Living accommodation
- Initial flight and transport costs

To apply for the role please send a copy of your CV to our UK office:
